

Creating **SOLE:** **(Self-Organized Learning Environments)**

Who: A Self-Organized Learning Environment, or SOLE, can exist anywhere there is a computer, internet connection, and students who are ready to learn. Within a SOLE, students are given the freedom to learn collaboratively using the internet. SOLE sessions are characterized by discovery, sharing, spontaneity and limited teacher intervention. Every SOLE session activates the learners' creativity, requires critical thinking, and refines communication skills. You will get access to free tools to implement SOLE in your classroom and find out how to earn free CEUs.

When: Tuesday, Feb 12, 2019

Time: 9:00 AM – 3:00 PM

Where: Allen County Sanitary Engineers' Office
3230 N. Cole St. Lima Ohio 45801

Presenter: Jeff McClellan, Founder of STARTSoles

5.5 Contact hours will be awarded for full workshop participation.
Lunch will be on your own.
